2017 Contractor of the Year Awards

NJNARI's Contractor of the Year Awards program has begun! Binders are available from the NJNARI office or at the chapter meetings. The awards program recognizes outstanding remodeling projects in the North Jersey area. Judging is based on meeting the needs and desires of the homeowners; innovative use of materials or techniques; increased efficiency or aesthetic of the structure or room, etc. Thirty-four categories break down projects by contract dollar amounts and rooms involved.

This is a great way to differentiate your business from others in the state. Demonstrate your skill and your creativity — and be honored for them! Reward your employees for their skill and loyalty to your company by recognizing their contribution to the projects you produce. Plus, honor your customers by demonstrating your ability to create homes they need and desire. See the rules and guidelines at www.njnari.org/Contractor of the Year Awards.
